I have conferred equally with Republicans and Democrats in each county and seen most of the county organizations at their respective headquarters. So far as north Idaho is concerned, both the railroad commission plank and the statewide prohibition plank in the Republican platform, will in my judgment fall at the hands of the next legislature.

members from this section.

This entire north Idaho country is growing very rapidly. It is settling may with a splendid, high grade people, and it is a great pity that the topography of the state is such as to preclude the existence of constant social, commercial and political relations between the people north and of south Idaho.
